AN ORDINANCE OF THE CITY OF POULSBO, WASHINGTON, AMENDING SECTIONS OF THE CITY OF POULSBO COMPREHENSIVE PLAN; CHANGING THE LAND USE DESIGNATION AND ZONING CLASSIFICATION OF CERTAIN PROPERTIES; AND PROVIDING FOR SEVERABILITY AND ESTABLISHING AN EFFECTIVE DATE.

---

**WHEREAS**, the State Growth Management Act (GMA) requires periodic review, and if necessary, revisions to GMA plans and development regulations; and

**WHEREAS**, the City completed a significant update to its comprehensive plan December 16, 2009 (Ordinance 2009-14), with the intent of meeting its then periodic update requirements of December 1, 2011; and

**WHEREAS**, the State Legislature extended the timeframe for the periodic update requirements to cities and counites and the current GMA periodic review is June 30, 2016; and

**WHEREAS**, in 2014 the City decided to review its 2009 comprehensive plan in concert with the update efforts of Kitsap County and other local cities; and

**WHEREAS**, the City reviewed its urban growth area in coordination with Kitsap County in February-March 2015, and determined through the results of the 2014 Buildable Lands Report, that it remained of sufficient size to accommodate its population allocation and no alteration to the Poulsbo UGA is necessary; and

**WHEREAS**, the City initiated a public engagement and outreach entitled "community check-in" and established a public participation plan July 2015; and

**WHEREAS**, the City initiated updating its utilities, transportation and parks/recreation/open space functional plans in 2015, to be adopted in 2016 with the comprehensive plan update; and

**WHEREAS**, the City Council identified amendments it wished to consider for the periodic update, including one requested site-specific re-designation/rezone request, and docketed these amendments on January 13, 2016; and

**WHEREAS**, the City adopted updates to its permit procedures, consistent with RCW 36.70B on March 16, 2016 (Ordinance 2016-05); and

**WHEREAS**, the City adopted a transportation concurrency ordinance, consistent with RCW 36.70A.070(6)(b) on June 1, 2016 (Ordinance 2016-08); and

**WHEREAS**, the City completed the Washington State Department of Commerce Periodic Update checklist for Cities in June 2016, and determined that no additional amendments are necessary for the City of Poulsbo to be fully planning under GMA (Exhibit B); and

**WHEREAS**, the City Council passed Resolution 2016-16, detailing substantial progress towards fulfillment of the June 30, 2016 deadline; and

**WHEREAS**, the City continued to process and approve its docketed 2016 amendments to the Comprehensive Plan; and

**WHEREAS**, on September 28, 2016, the City released the September 2016 Draft Comprehensive Plan to the public, distributed to Washington State Department of

Commerce and other local, regional and state agencies, and emailed to the City's Comprehensive Plan/Development Regulations interested parties e-notice list; and

**WHEREAS**, on October 14, 2016, the Notice of Application (NOA) and SEPA Threshold Determination on the September 2016 Draft Comprehensive Plan Update was published in the North Kitsap Herald, emailed to the NOA, SEPA and Comprehensive Plan/Development Regulations interested parties e-notice list, posted at the Poulsbo Library, Poulsbo Post Office, City Hall, and the city's website. The site specific comprehensive plan re-designation/rezone application NOA was mailed to property owners within 300' of the subject sites; and

**WHEREAS**, between September-October 2016, the Planning Commission, in its role as the City's primary land use advisory committee, reviewed the September 2016 Draft Comprehensive Plan Update. The Planning Commission held four workshops (9/27/16, 10/4/16, 10/11/16 and 10/18/16) and identified several minor modifications and edits to the September 2016 Draft Comprehensive Plan; and

**WHEREAS**, the Poulsbo City Council Economic Development Committee reviewed the September 2016 Draft Comprehensive Plan in tandem with the Planning Commission review. The Economic Development Committee reviewed the draft update at their 9/28/16, 10/5/16, 10/19/16, and 10/26/16 meetings and identified several minor modifications and edits to the September 2016 Draft Comprehensive Plan; and

**WHEREAS**, on October 21, 2016 a public hearing notice announcing the Poulsbo Planning Commission public hearing was published in the North Kitsap Herald, emailed to

the public hearing and Comprehensive Plan/Development Regulations e-notice list; posted at the Poulsbo Library, Poulsbo Post Office, City Hall and the City's website, posted at the site specific re-designation properties and mailed to property owners within 300'; and

**WHEREAS**, the Planning Commission's and City Council Economic Development Committee revisions, modifications and edits were incorporated into the Comprehensive Plan draft and the resulting in a November 2016 Draft Comprehensive Plan which was released to the public on October 31, 2016 through an email to the Comprehensive Plan/Development Regulations e-notice list and posted on the City's website; and

**WHEREAS**, the November 2016 Draft Comprehensive Plan incorporated the modifications identified by the Poulsbo Planning Commission and the City Council Economic Development Committee during their September-October 2016 review. **1. Email by Gary Nystul 11/28/16 with questions/observations on November 2016 Draft Comprehensive Plan:**

Page 20, 7<sup>th</sup> bullet; Olympic College and Western Washington University could be spelled out.

- **Proposed Modification:** Expand the Olympic College/Western Washington University presence in Poulsbo.

- **Proposed Modification:** ~~Duplexes~~ Triplexes at Poulsbo Place

P. 51 second paragraph. What is the resolution number establishing refined annexation policies for the City to follow?

- **Proposed Modification:** The City Council adopted a resolution (2008-14) establishing refined annexation policies for the City to follow for future annexation petitions.

P.60. Nice to include a photo of street trees that are planted in boulevards that are too narrow and trees that have shallow roots which break up sidewalks.

- Comment noted.

P.70 CC-5.6 Where would one find the Downtown Parking Management Strategy?

- The Downtown Poulsbo Parking Management Strategy is posted on the Planning Department's webpage and is found at this link:  
[http://www.cityofpoulsbo.com/planning/documents/downtown\\_poulsbo\\_parking\\_management\\_strategy.pdf](http://www.cityofpoulsbo.com/planning/documents/downtown_poulsbo_parking_management_strategy.pdf)

P.88 TR9.2 Is there any money in the 2017-2018 budget for sidewalk improvement program?

- Deborah Booher, City's Finance Director response: "There is not any funds put towards a sidewalk program. When they are improved it is usually within another larger encompassing project. There is a Special Revenue fund which requires a portion of the gas tax be put towards Paths and Trails. There is a balance of about \$15,000 sitting in the fund. The annual amount to be contributed is about \$1,000."

P.97 Is there an ordinance number that could be included that is the Critical Areas Ordinance?'

- **Proposed Modification:** These five critical areas are defined, mapped and regulated in the City's Critical Areas Ordinance (CAO), which was revised to ensure the inclusion of Best Available Science (BAS) in 2007 (Ordinance 2007-24).

P.111 Who is preparing the Dogfish Creek Restoration Project Master Plan?

- **Proposed Modification to Policy NE-6.10:**

**Policy NE-6.10**

The City shall ~~complete~~ implement as appropriate the "Dogfish Creek Restoration Project Master Plan," prepared by ICF International, July 2010, ~~reviewing and considering all~~

~~previous studies and data prepared evaluating Dogfish Creek. The City shall coordinate with the Suquamish Tribe on the planting plan and scheduling of the habitat rehabilitation installation.~~

P.131 Out of curiosity, how many acres of park land do we now have for each category compared to the recommended?

- Existing acres of land by park category is presented on pages 272-275, which is the parks section of the Capital Facilities Plan. The comparison between current park land by type compared to the level of service is Table CFP-11 (page 276), and also discussed on pages 275-279.

P.170 9.1 3<sup>rd</sup> bullet. Did the Economic Development committee differentiate between “valued” tourists and tourists that are not valued?

- **Proposed Modification:** Attract ~~appropriate~~ businesses and foster local entrepreneurship that serves Poulsbo residents, and as well as the greater North Kitsap community, and our valued tourists. ~~non-residents needs.~~

*Other words for valued: appreciated, respected, esteemed, welcome*

P.173 2036 Employment Targets. “Kitsap Regional Coordinating Council”

**Proposed Modifications:** In 2014, the Kitsap Regional Coordinating Council adopted employment targets that are consistent with the Puget Sound Regional Council’s Regional Growth Strategy (a land use policy document which is part of PSRC Vision 2040 Plan), and local employment trends.

A fact that those of us who are getting older observe, is that the builders are not necessarily building single story homes that could enable older folks to stay in their homes when they have difficulties with mobility. Things like doors and hallways wide enough for walkers and wheel chairs. Is this a goal that would be appropriate for the Comp Plan or is there a better place?

- This very concern was brought up during the zoning ordinance update, and an incentive for Planned Residential Development has been included for multi-generation or fully accessible elements, “...including but not limited to have one entrance without a step(s); master bedroom on main floor; 33” doors into bathroom; or other home design elements than can be demonstrated to easily convert into being accessible under the provisions of ADA.”

**2. Comment by Jeff McGinity at 11/30/16 workshop, commenting about the judicious use of the word “ensure” in the comprehensive plan and to use other words as appropriate:**

Page 14 and 170      Economic Development Key Goals

- Ensure Support economic development initiatives for Poulsbo residents to have access to family wage jobs, and employers have access to a talented workforce to assist in retaining and growing their businesses. ~~Help facilitate the retention and attraction of community-based, living wage jobs~~

**Add new goal and policies:**

**TRANSPORTATION AND AIR QUALITY**

**The City's transportation system needs to be designed to contribute to a sustainable community that supports Poulsbo's land use and environmental policies.**

**GOAL TR-12**

**Strive to protect air quality, reduce pollution and support reduction of vehicle miles traveled.**

**Policy TR-12.1**

**Observe and support federal and state clean air acts by maintaining conformity with Vision 2040 and by following the requirements of Chapter 173-420 Washington Administrative Code (WAC) "Conformity of Transportation Activities to Air Quality Implementation Plan."**

**Policy TR-12.2**

**Support and coordinate with federal, state and regional actions to facilitate the transition towards alternative energy sources and reduce greenhouse gasses from transportation sources.**

**Policy TR-12.3**

**Reduce pollution and greenhouse gases by encouraging alternative transportation modes as an alternative to driving alone, which results in reduction of vehicle miles traveled.**

**November 2016 Draft Comprehensive Plan Modification Document v. final –  
Attachment B - Proposed Modifications in response to PSRC's 12/5/2016 letter**

4. **Add explanatory material to clearly document the land use assumptions made in the transportation functional plan, into the transportation chapter.**

**LAND USE AND TRANSPORTATION PLANNING**

**November 2016 Draft Comprehensive Plan PAGE 84**

The Comprehensive Plan strengthens the integration of land use and transportation planning, by emphasizing the connection between the city's transportation system and the city's land use vision. Neighborhood connectivity, improvement of existing streets to city standards, and protection of surface water quality are priorities in the land use planning process. The City's Transportation Plan is a functional plan that implements the Transportation Chapter policies and is included as Appendix B-4 to the Comprehensive Plan. The Transportation Plan addresses the City's transportation network, evaluates current transportation characteristics and forecasts how these characteristics are expected to change in the future based on Poulsbo's allocated growth. Based upon the City's 2036 population and employment forecasts as well as the City's land use plan, the Transportation Plan includes a traffic forecasting model, which identifies the future travel demand. Using this model, an increase in travel demand was assigned to the City's road network to identify future conditions and evaluate future capacity needs. Based upon the model, the Transportation Plan identified projects needed by the 2036, which serve as the basis of the transportation section of the Comprehensive Plan's Capital Facilities Plan.

**NEW Policy TR-6.5**

**Maintain and regularly update the City's Transportation Plan. The transportation functional plan is the guide for implementing and funding strategy for the City's transportation programs, projects and services.**

5. **Include references to adopted emergency management plans.**

**November 2016 Draft Comprehensive Plan PAGE 82:**

**TRANSPORTATION SAFETY**

**NEW Policy TR-4.8**

**Protect Poulsbo's transportation system against disasters by maintain prevention and recovery strategies that are coordinated locally and regionally. Continue to participate with Kitsap County Emergency Management, with development of emergency management plans and emergency response activities.**

6. **Include reference in the transportation chapter regarding the pedestrian and bicycle facilities identified in the Urban Paths of Poulsbo.**

**November 2016 Draft Comprehensive Plan PAGE 87-88:**

**PEDESTRIAN AND BICYCLE FACILITIES**

**November 2016 Draft Comprehensive Plan Modification Document v. final –  
Attachment B - Proposed Modifications in response to PSRC's 12/5/2016 letter**

Pedestrian and bicycle facilities should be a vital part of Poulsbo's transportation system. An integrated, safe pedestrian and bicycle system will increase mobility choices, reduce reliance on motorized vehicles, and provide convenient access to schools, activity centers, transit stops, parks, and other recreation areas throughout the city.

Building and maintaining a network of sidewalks, bikeways and pedestrian trails require an interdepartmental effort. Planning, funding, building and maintaining a shared use pedestrian and bicycle system will require support from the Public Works, Parks and Recreation, and Planning departments.

Walking is an important and popular travel mode for Poulsbo residents. Well-maintained sidewalks and other pedestrian facilities enhance the quality of life. Bicycle facilities along key north-south and east-west routes will improve safety and access across the city. A connected system provides access to bus stops and park-and-ride lots, increasing the attractiveness of transit, especially for commute trips.

**The Urban Paths of Poulsbo Plan (UPP Plan) is the City's primary planning document for pedestrian and bicycle facilities. To realize the goals of the UPP Plan, the system in Poulsbo will need to be a hybrid system including existing trails and infrastructure, and making on- and off-street improvements to link the network. A pedestrian may walk along sidewalks, trails, or a shared-use path; a bicycle route may include streets with bicycle lanes, sharrows, or shared paths. The goal is to create continuous and complete routes. The UPP Plan is adopted as functional plan and incorporated as Appendix B-6 of the Comprehensive Plan. It includes the existing conditions inventory, goals, policies, implementation and strategies for funding.**

**7. Consider level of service standards for transit, pedestrian and bicycle travel.**

Thank you for acknowledging the City's progress on planning for and encouraging all modes of travel, as well as your suggestions for further progress. The City does intend to continue to strengthen its policies and standards in that direction. As you have noted, multimodal LOS standards are challenging, however the City does intend to develop multimodal LOS standards including Transit, and has started laying the groundwork for those standards in our most recent update to the City's Transportation Plan. This subject will continue to be expanded in the next update to the City's Transportation Plan. At the moment, the City is also working on completing and adopting a complete streets ordinance, as well as developing and adopting a neighborhood traffic calming program.

**8. The transportation chapter should include references to the Capital Facilities Plan's 20-year project list.**

**November 2016 Draft Comprehensive Plan PAGE 73-74:**

**4.2 Plan Context**

The Transportation Chapter provides the policy framework to guide short-range and long-term development and maintenance of the multi-modal transportation system that includes roadways, bikeways, pedestrian facilities, and public transit within the city limits of Poulsbo. It addresses the mandates of the Growth Management Act under the Revised Code of Washington (RCW) 36.70A.070, and supports the vision of Poulsbo.

**November 2016 Draft Comprehensive Plan Modification Document v. final –  
Attachment B - Proposed Modifications in response to PSRC's 12/5/2016 letter**

The Transportation Chapter of the Comprehensive Plan provides the overall policy vision for Poulso's transportation system. Additional policy and programmatic guidance is found in a series of more detailed documents, including:

- Section 2 – Capital Facilities Plan
- ~~2016~~ 2006 Poulso Transportation Plan Update
- Poulso 6-year Transportation Improvement Plan

An overview of Poulso's transportation system inventory is included in the ~~2016~~ 2006 Poulso Transportation Plan Update, included in full as Appendix B-4 of this comprehensive plan. It describes the existing transportation system including: highways, streets and roads, public transportation, bicycle and pedestrian. The transportation facility improvement plan is presented in the Capital Facility Plan and identifies the transportation infrastructure improvements needed to support the projected land use through ~~2036~~ 2025. The transportation improvements needed by 2036 are detailed in Section 6.1.1 of the 2016 Transportation Plan Update, and are included in Section 12.9 of the Comprehensive Plan Capital Facilities Plan. The capacity improvements identified include:

- Nineteen projects will add sidewalks, turn lanes, bicycle lanes, and otherwise upgrade existing roads. These projects will assure that all arterials and collectors and sub-collector roads provide adequately for pedestrians and bicycles as well as motor vehicles, when all proposed growth has occurred.
- Twenty-to projects will add new roadway segments of various lengths. These projects add new connections in growing areas, to efficiently route traffic from neighborhoods to the arterial network.
- Ten projects will improve the capacity of intersections with signalization, channelization, roundabouts, and two-way or all-way stop controls.

Financing of the transportation capacity improvements will be funded through development related construction street improvements, state and federal grants, City general obligation bonds, City revenues and Traffic Impact Fees.

Further In summary, the Poulso ~~2016~~ 2006-Transportation Plan Update in combination with Section 12.9 of the Comprehensive Plan's Capital Facilities Plan, provides the required analyses, and is based on information from the Poulso Traffic Study Final Report – Phase 1 + Phase 2, prepared by David Evans and Associates, Inc. (October 2004). The 2006 Transportation Plan Update and has been developed to fit within the City of Poulso's Comprehensive Plan Update process, and is intended to meet the planning requirements of the Growth Management Act.

9. Include in the economic development chapter that there is additional capacity in current underutilized commercial buildings.

*November 2016 Draft Comprehensive Plan PAGE 176 paragraph after Table ED-3*

Based upon the capacity analysis utilized by all jurisdictions, there is sufficient land capacity to meet the countywide growth target of 46,158 jobs. Poulso has sufficient available employment land to meet 4,074 of its 4,201 job target, representing a small land capacity deficient of 127 jobs. However, there is likely additional capacity within underutilized existing commercial buildings that is sufficient for the capacity deficient which further analysis can substantiate. Additionally, a land use and zoning re-designation of approximately 5 acres of residentially zoned property to a non-residential zoning district would provide sufficient land capacity for the 127 job deficient.

## Periodic Update Checklist for Cities – Updated July 2014

*Covers laws through 2012*

This checklist is intended to help cities that are fully planning under the Growth Management Act (GMA) to conduct the “periodic review and update” of comprehensive plans and development regulations required by [RCW 36.70A.130\(4\)](#). Cities can use the checklist to identify components of their comprehensive plan and development regulations that may need to be updated to reflect the latest local conditions or to comply with changes to the GMA since their last update.

This checklist includes components of the comprehensive plan and development regulations that are specifically required by the GMA. Statutory requirements adopted since 2003 are emphasized in highlighted text to help identify new components of the GMA that may not have been addressed in annual updates or other amendments outside of the required periodic update process. Cities within the Puget Sound Regional Council boundaries may want to use this checklist in tandem with [PSRC checklists](#). A separate checklist is available for counties. Expanded checklists (one for [Comprehensive Plans](#), one for [Development Regulations](#)) are also available, which include a more comprehensive list of related good ideas and things to consider.

### How to fill out the checklist

With the most recent version of your comprehensive plan and development regulations in hand, fill out each item in the checklist. Select the check box or type in the fields, answering the following questions:

**Is this item addressed in your current plan or regulations?** If YES, fill in the form with citation(s) to where in the plan or code the item is addressed. We recommend using citations rather than page numbers because they stay the same regardless of how the document is printed. If you have questions about the requirement, follow the hyperlinks to the relevant statutory provision or rules. If you still have questions, visit the [Commerce web page](#) or [contact a Commerce planner](#) assigned to your region.

**Is amendment needed to meet current statute?** Check YES to indicate a change to your plan or regulations will be needed. Check NO to indicate that the GMA requirement has already been met. Local updates may not be needed if the statute hasn’t changed since your previous update, if your city has kept current with required inventories, or if there haven’t been many changes in local circumstances. Check “Further Review Needed” if you are unsure whether the requirement has already been met or if the city is considering a review, but hasn’t yet decided.

**Is your city considering optional amendments?** Use this field to note areas where your city may elect to work on or amend sections of your plan or development regulations that are not required by the GMA.

### How to use the completed checklist

Commerce strongly encourages you to use the completed checklist to develop a [detailed work plan](#) (see Appendix B) for your periodic update. The checklist can be used to inform the contents of a city council resolution that defines what actions will be taken as part of the GMA periodic update.
