City of Poulsbo

Jeff Ozimek, Parks and Recreation Director

Spring's greetings to you,

As the rain showers dance between spots of sunshine and bluebird skies, our parks are coming to life with the arrival of spring. Thousands of native flowering species are waking up, our urban forests are budding, and our beloved community daffodils are blooming as they greet the sun.

One of the parks we're most excited to see come to life is the newly renovated south-end picnic area at Muriel Iverson Williams Waterfront Park. A variety of new native trees selected specifically for the site have been planted along with a wide selection of native shrubs and flowers. These plantings will not only beautify Waterfront Park, but also support the Poulsbo Pollinator Project, connecting pollinator corridors throughout our city and restoring lost habitat.

This May 16th, we're looking forward to welcoming over 1,200 runners and spectators for the 49th Viking Fest Road Race (VFRR). "**Race for Rec**", this year's theme, highlights how the VFRR serves as one of the primary fundraising mechanisms for Poulsbo Parks & Recreation in helping to offer over 1,200 affordable community programs annually, including a variety of afterschool programs, youth sporting classes, free senior classes such as fall prevention & senior enrichment, gymnastics programs, and arts, cultural, and language classes. New this year is a virtual 5k option to tackle the race at your own pace, while still helping to support our community.

This is just a brief snapshot. There is so much more happening in our lovely city. I invite you to discover all that the City of Poulsbo Parks & Recreation offers community members, from diverse recreational programs, volunteer opportunities, new playgrounds & park amenities, to new trail connections. Thank you for all your continued support and we're looking forward to seeing you this spring and summer.

See you on the trail,

Jeff Ozimek, CPRE

IMPORTANT GYMNASTICS INFORMATION FOR THOSE WITH CHILDREN AGES 4 AND 6:

Parents, we want your child to be successful in the class you choose for them, and you are the best judge of your child's ability to focus and follow directions. Most classes have an age option. For example:

Tumbling Tots, Ages 3-4 and Kindergym, Ages 4-6:

If your child is 4, has not already been introduced to a structured class, is high energy and/or is unable to stay focused for very long, please register them for Tumbling Tots. If they are 4, are in preschool and can stay focused on tasks, please register them for Kindergym.

Kindergym, Ages 4-6 and Leveled classes, Ages 6-10:

If your 6-year-old has never done gymnastics, is tired after being in all-day Kindergarten and/or has trouble focusing, please register them for Kindergym. The Leveled gymnastics classes may be frustrating for them.

IMPORTANT SOCCER INFORMATION FOR THOSE WITH CHILDREN AGES 4-6:

Parents, we want your child to be successful in the class you choose for them, and you are the best judge of your child's ability to focus and follow directions. Most classes have an age option. For example:

Age 4/5

If your child is 4/5, has not already been introduced to a structured class, is high energy and/or is unable to stay focused for very long, please register them for Preschool Soccer. If they are 4, are in preschool and can stay focused on tasks, please register them for Saturday Soccer.

Age 6

If your 6-year-old has never done soccer, is tired after being in all-day Kindergarten and/or has trouble focusing, please register them for Preschool Sports or Saturday Soccer. The Intro to Soccer is a more focused class that may be more frustrating for them.

VOLLEYBALL: INTERMURAL SPRING GIRLS RECREATIONAL LEAGUE

GIRLS, GRADES 4-8

Spring volleyball through Poulsbo Parks and Recreation, drawing players from the NK and CK areas. This league is for the non-school and non-club members... an intramural league to improve skills and provide competition.

New this season! There will be two divisions, Girls Elementary Division for grades 4 and 5 and Middle School Division for grades 6 through 8. Most practices will be held Tuesday and Friday at Poulsbo Middle School. All matches will be held on Saturdays at Poulsbo Middle School. There may be some travel required to gyms on Bainbridge Island and in Central Kitsap.

Open Gym Practices: Tuesdays and Fridays, March 17, 20, 24 and 27.

Times: Grades 4/5, 6-7p and Grades 6-8, 7-8p.

Team Formation: Weekend of March 27-30

Matches: April 25-June 6

Elementary: Grades 4-5

This division will get a minimum of four matches per team.

Fee: \$150 per player

Middle School: Grades 6-8

This division will get 7 matches per team.

Fee: \$185* per player

For the Middle School division, open gyms will be held so coaches can effectively load teams with equal talent. Teams will be a combination of 6th through 8th grade girls, reflecting player/family requests and the need to balance the overall skill level and ages of the girls for the teams. We will also use family/player and coach requests for team assignments for both divisions.

COACHES AND ASSISTANT COACHES NEEDED!

If you or someone you know is may be interested in coaching a team and helping to lead, please get in touch with me! We are losing some coaches as their children advance beyond intramural to school ball and club ball. We need interested and enthusiastic adults to lead teams!! Coaching is a very rewarding experience, often doing more for the coach than they ever expect!! **Contact** joes@cityofpoulsbo.com with questions or if you are interested.

COACHES NEEDED!!

To be successful, youth sports programs need caring, compassionate adults who are willing to devote some of their time to the kids. You don't have to be an expert! We have lots of helpful resources, including people that are willing to help you help our kids learn and have fun.

This is quality time for our young people. They are practicing physical and mental skills, interacting with their peers and adults in a healthy atmosphere and gaining the ability to compete toward a goal as part of a team and as an individual.

We will need head coaches, assistant coaches, and other interested adults for both basketball and volleyball this season.

Email Joe Schiel at joes@cityofpoulsbo.com for more information on this valuable opportunity.

INTERMEDIATE SPANISH

AGES 18 & OLDER 5 WKS
 Will Perkins. If you have taken some classes in high school or college, or have studied online with tutors or programs, this class should help advance your skills and boost confidence. The goal is to be able to communicate with native speakers and other aficionados of Spanish. We will study an easy reader book (usually \$5 to \$10), listen to recordings, and do some exercises in grammar from self-correcting websites. We spend most of the class speaking Spanish, making mistakes and correcting them. We also use Duolingo, a free online program, and a Duolingo classroom that takes away the ads and removes the penalties for errors, so it is more efficient than the non-classroom version. North Kitsap High School Room #511.
 Wed Apr 15- May 13 6:10-7:10p \$75*

CONVERSATIONAL SPANISH

AGES 18 & OLDER 5 WKS

We will purchase a book to read in this class, but it should cost less than \$20. North Kitsap High School Room #511.

CAPOERIA

AGES 15+ 4 WKS

Nathan Walker. Capoeira is an Afro-Brasilian Martial Art which is also fused with music and dance. When African peoples were brought to South America, they were forbidden from practicing their own indigenous Martial Arts by their Portuguese captors. In an effort to hold onto their culture and continue practicing their martial skills, they fused their art with music and dance to disguise it from their oppressors. Capoeira is practiced as a Martial game set to music. This is all non-contact (generally) and much of Capoeira is about body control, fitness, flexibility, strength, stamina, balance and flow. If you decide to attend this class, come prepared to work hard, sweat a lot and go home sore. Capoeira is one of the best things you can do for your body, and as such, it will require most people to step outside their comfort zone, look foolish, try hard and fail a lot, but there's nothing else like it. ITALIAN RAPIER

AGE 15+ 8 WKS

Nathan Walker. The rapier was the deadliest dueling weapon in history. Rapier fencing is a game of control, controlling distance, controlling timing, and controlling your opponent's mind. It's a deep psychological and extremely physical chess game of sorts that measures one's ability to think on one's feet and adapt to constantly changing situations. No one did this more famously or dangerously than the 16th-century Italian fencing masters that we will study in this course. Bring your own equipment or use the instructors. New students can join at any time. Class will be held on Memorial Day, May 25.Recreation Center Gym.

GERMAN LONGSWORD

AGE 15+ 8 WKS

Nathan Walker. Longsword is the most popular weapon studied in HEMA (Historical European Martial Arts). It's the largest and heaviest sword we study, but still quite nimble due to the use of two hands on the weapon instead of only one. The Johannes Lichtenauer tradition of longsword fighting goes back to the mid-late 14th century and spawned several followers. They slowly improved upon his work, creating a dynasty of German longsword fencers that lasted hundreds of years. Joachim Meyer was one of the most celebrated followers of Lichtenauer and probably the most focused on the dueling aspects of longsword combat. It is Meyers's treatise we will be studying during this course and in the process, learning the foundations of both historical and competitive longsword fencing. Bring your own equipment or use the instructors. New students can join at any time. Recreation Center Gym.

BRITISH MILITARY SABER

AGE 15+

8 WKS

Nathan Walker. Sabers are a somewhat late arrival in an ancient class of weaponry, that is, mid-length, curved blade, cutting swords. The saber was popular all over the world and across immense spans of time due to its convenient size, ease of carry and immense cutting capacity. It favors a flowing, call-and-response type of combat. One cannot think solely of striking their opponent, as they will inevitably be struck in return. Instead, sabreurs must flow dynamically from defense to offense and back to defense in time to avoid the after-blow, even if they've already landed their own attack. We are currently studying Roworth's British Military Saber, which includes the Highland Broadsword and the Spadroon. Saber is also fantastic for those looking for modern self-defense, as saber techniques and tactics translate very well to almost anything vaguely sword-shaped, such as batons, sticks, canes, and even umbrellas. New students can join at any time. Recreation Center Gym.

COACHES NEEDED!!

To be successful, youth sports programs need caring, compassionate adults who are willing to devote some of their time to the kids. You don't have to be an expert! We have lots of helpful resources, including people that are willing to help you help our kids learn and have fun.

This is quality time for our young people. They are practicing physical and mental skills, interacting with their peers and adults in a healthy atmosphere and gaining the ability to compete toward a goal as part of a team and as an individual.

We will need head coaches, assistant coaches, and other interested adults for both basketball and volleyball this season.

Email Joe Schiel at joes@cityofpoulsbo.com for more information on this valuable opportunity.

DO YOU LOVE TEACHING OR SHARING YOUR HOBBIES? WE'D LOVE TO WORK WITH YOU!

Poulsbo Parks & Recreation is looking for passionate, caring, and dynamic instructors to lead new classes!

As a Parks & Recreation Instructor, you set your own class schedule, format and age groups—and you get paid to do what you love!

We are specifically in need of Piano and Fitness instructors to help expand our program offerings!
