Connectivity throughout the City is achieved through the Transportation Figure TR-3 2044 New Roadway Segments Map and PMC 17.80.060, and purpose is to 1) achieve redundant and efficient routes and connections within and throughout the city and 2) to provide superior emergency vehicle response time by providing multiple access to City's neighborhoods and commercial areas. The 20-year conceptual alignments identified in Figure TR-3 are based upon best available planning and technical analysis at the time of transportation functional and comprehensive plan development. Actual alignments and construction of new streets may vary based upon topography, natural and built environment, technical final engineering design and property owner willingness.
